POLICY DEVELOPMENT/ADOPTION/COMMUNICATION/REPEAL

Policy Development and Adoption

The Aspen Ridge Board of Directors formed a standing Policy Committee to create and review new and existing policies. The Policy Committee works directly with the Board of Directors to ensure consistency in policies and the Board of Directors must vote on new policies in order to officially adopt.

Responsibilities of the Policy Committee

1. The Policy Committee drafts new policies on a range of topics as directed by the Board. This committee may work with other board committees in drafting policies.
2. The Policy Committee revises existing policies at the direction of the Board.
3. The Policy Committee reviews existing and new policy statements for consistency in substance and format and may recommend amendments to existing policies.
4. The Policy Committee maintains a file of current policies.

Membership of the Policy Committee

The Policy Committee shall include at minimum one member of the Board of Directors, one staff member, and one community member, all of who shall be appointed by the Board.

Meetings of the Policy Committee

The Policy Committee meets as necessary at a time and place agreed upon by members of the committee.

Communication

All policies are posted on the ARPS website and are available in the school's office for viewing.

The Board of Directors may repeal or amend an existing policy by a vote of the Directors during a regular, public meeting.
